

CAREER OBJECTIVE

A highly motivated and quick-learning individual seeking an entry-level position in a growth-oriented organization. Eager to contribute to the success of a dynamic team while continuously developing my professional skills and gaining real-world industry experience.

EDUCATION

| | |
|---|---------------------------|
| Swarnandhra College of Engineering and Technology | Narsapur, AndhraPradesh |
| Master of Computer Application, CGPA: 7.53 | Oct 2023 - June 2025 |
| B V Raju College of Bhimavaram | Bhimavaram, AndhraPradesh |
| Bachelor of Science -Computer Science, CGPA: 6.54 | Nov 2020 - Aug 2023 |

SKILLS SUMMARY

- Languages: Python, SQL, HTML, CSS, Javascript
- Frameworks: Django, Flask
- Tools: Excel, MySQL
- Platforms: PyCharm, Jupyter Notebook, Visual Studio Code
- Soft Skills: Rapport Building, Strong Stakeholder management, People Management, Excellent communication

ACADEMIC PROJECTS

| | |
|---|-----------------------------|
| Analyze and Forecast the Cyber Attack Detection Process using Machine Learning LINK | January 25 - April 2025 |
| <ul style="list-style-type: none">◦ Developed and trained machine learning models (Random Forest, SVM) to identify and classify cyber-attacks using real-world datasets.◦ Designed a predictive system that analyzes historical attack data to forecast potential threats and trends, aiding in proactive cybersecurity response strategies.◦ Created a complete data pipeline for data preprocessing, feature selection, model training, and real-time attack detection using Python, pandas, scikit-learn, and visualization tools like Matplotlib. | |
| College Event Management System LINK | September 24- December 2023 |
| <ul style="list-style-type: none">◦ Designed and implemented a dynamic web platform using Node.js and Express.js to manage college events, including event creation, user registration, and participant tracking.◦ Utilized MySQL for storing and managing user data, event details, and registrations with proper relational structure and CRUD operations for real-time updates.◦ Built role-based access controls for students and administrators, with an admin panel to add, edit, and delete events, monitor user participation, and manage backend operations. | |
| Anime Gallery LINK | June 24- October 2024 |
| <ul style="list-style-type: none">◦ Developed a responsive web application that allows users to browse, search, and view anime listings using Node.js.◦ Designed a MySQL database schema to store user profiles, anime metadata, and favorites, enabling efficient CRUD operations and personalized content delivery.◦ Added login/register system with role-based access for users and admins, allowing admins to add/delete anime entries and manage user data securely. | |

CERTIFICATES

| | |
|--|------------|
| Python 3.4.3 Training Certification – IIT Bombay CERTIFICATE | June 2024 |
| <ul style="list-style-type: none">◦ Completed Python 3.4.3 training under the Spoken Tutorial Project, IIT Bombay Secured 75% in the final assessment. | |
| Android Developer Virtual Internship Certification – Google CERTIFICATE | March 2024 |
| <ul style="list-style-type: none">◦ Gained expertise in Android app development using Kotlin and Android Studio. | |
| Salesforce Developer Virtual Internship Certification – Salesforce CERTIFICATE | May 2022 |
| <ul style="list-style-type: none">◦ Gained proficiency in Salesforce CRM, automation, and cloud-based business solutions | |

HOBBIES & INTRESTS

- Reading books related to technology, leadership, and personal development to continuously enhance knowledge and stay intellectually engaged.
- Exploring tech blogs and web resources to stay updated on emerging trends, tools, and innovations in software development and cybersecurity.
- Playing strategic video games to improve critical thinking, decision-making, and problem-solving skills in high-pressure and time-bound scenarios.
